

ALERT!!!
DIRECT DEPOSIT IMPLEMENTATION
FOR
ALL STUDENT PAYMENTS

Beginning the upcoming Summer 2010 semester, Enterprise State Community College will begin offering students a new method of receiving payments of refunds, Financial Aid and all loan disbursements through Direct Deposit into a checking or savings account.

Beginning April 1, 2010, students can register banking information online or by submitting a Direct Deposit Authorization Agreement. Through online registration the system will prompt students for an account number and bank routing number. This information will be requested each time a student logs on until the information is completed.

If not registering online, the Direct Deposit Authorization Agreement is available in the Business, Registrar, Admissions, and Financial Aid offices on the Enterprise and Ozark campuses; and in the Director's office on the Fort Rucker, Mobile, Andalusia and Albertville sites. Completed forms should be turned in for processing to the Business Office on the Enterprise campus, the Bookstore on the Ozark campus, or mailed to Enterprise State Community College, Attention: Paula Helms, Enterprise Campus, P. O. Box 1300, Enterprise, AL 36331. All other sites should send forms directly to Paula Helms on the Enterprise campus.

Sign up early! Beginning the Fall 2010 semester, a checking or savings account will be **MANDATORY** for all refunds, Financial Aid and loan disbursements. If you have questions or problems concerning registering contact Paula Helms at 334-347-2623 extension 2284.
